

INDEX.

Abdomen, wound of the	572	Barlow, Dr. Geo. Hilario, Manual of Practice of Medicine, notice of	430
Action of medicines on the system, Mr. Headland's work on, notice of	157	Beck, Dr. John B., Essays on Infant Therapeutics and Lectures on Materia Medica, notice of	700
Address of Dr. Wood	333	Becquerel on dropsy of pregnancy	509
Adulteration of food	45	Belladonna, effect of in arresting the secretion of milk	567
Agnew, Dr. D. Hayes, case of Epilepsy	213	Bennett's, Dr., Introductory Lecture	164
Agnew, Dr. D. H., Practical Anatomy, a new arrangement of the London Dissector, notice of	758	Bennett, Dr. H., Review of present state of Uterine Pathology, notice of	613
Ague, cure of, by iodide of potassium	447	Blackman, Dr. Geo. C., letter from	636
Alison, pension to Dr.	246	Bowman, John E., Practical Handbook of Medical Chemistry, notice of	304
Allen, Dr. J. M., the Practical Anatomist, or Student's Guide in the dissecting room, notice of	757	Bowman, Dr. John E., introduction to practical chemistry, notice of	757
American Med. Society in Paris, circular of	246	Brachet, J. L., on use of sub-acetate of lead in hypertrophy of the heart	248
American Med. Association, proceedings of	330	Bronzed skin, &c.	316
Ammonium, notes on physiological and therapeutical effects of chloride of, by Dr. A. Lindsay	58	Brown-Sequard's discovery of the functions of the spinal marrow	187
Amyloid degeneration, on the course of	380	Brown-Sequard's experimental researches	341
Analytical Compendium of the Medical Sciences, notice of	242	Brown, Dr. Samuel P., case of inversion-uteri	321
Anatomical Remembrancer, with additions by C. E. Isaacs, M. D. notice of	117	Brown, Dr. Isaac B., on diseases (surgical) of women, notice of	374
Arrangement of the muscular substances of the urinary organs of the human body	560	Budd, Dr. Chas. A., on treatment of prolapsus uteri, by tannin	190
Apoplexy, &c. a plea for non-performance of marriage	177	Budd, Dr. Geo., on Diseases and functional disorders of stomach, notice of	149
Apoplexy during labor	443	Buck, Dr. Gurdon, on the internal derangement of the knee-joint	496
Aran, M., on treatment of hæmoptysis	173	C	
Artificial respiration, favorable position for practising	310	Cases, notes of, treated in the ophthalmic hospital China, by Jno. G. Kerr, M. D.	727
Assimilated rank in the navy, letter from a surgeon on	159	Calculus, extraction of a large one from the female bladder	51
Atlas of Cutaneous Diseases, notice of	374	Cancer of the Pulmonary Artery, by A. Hernher, of Giessen,	45
B		Cancerous cells, on the formation and propagation of	48
Brain, tubercle of, with remarks, Wm. Pepper, M. D.	705	Carson, Dr. Joseph, Synopsis of Lectures, notice of	117
Bamberger, Dr. H., contributions to the physiology and pathology of the heart	720	Carpenter, Wm. B., the Microscope and its Revelations, notice of	469
Bandaging, and other Operations of Minor Surgery, Dr. F. W. Sargent's work on, notice of	24
